SOLICITATION OF PROXIES

This management proxy circular (the "Circular") is furnished in connection with the solicitation of proxies by the management and directors of Dundee Corporation (the "Company") to be used at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held on Monday, June 5, 2017 at 10:00 a.m. (Toronto time) at the TMX Broadcast Centre, 130 King Street West, Toronto, Ontario, M5X 1J2 and at any adjournment or postponement thereof.

The Company will bear the cost of soliciting proxies. Proxies may be solicited by mail and the directors, officers or employees of the Company may solicit proxies personally, by telephone or by facsimile. None of these individuals will receive extra compensation for such efforts.

Appointment and Revocation of Proxies

THE PERSONS NAMED IN THE FORMS OF PROXY ACCOMPANYING THIS MANAGEMENT PROXY CIRCULAR ARE DIRECTORS AND EXECUTIVE OFFICERS OF THE COMPANY. A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER), OTHER THAN THE PERSONS NAMED IN SUCH FORMS OF PROXY, TO ATTEND AND ACT FOR AND ON BEHALF OF SUCH SHAREHOLDER AT THE MEETING AND AT ANY ADJOURNMENT OR POSTPONEMENT THEREOF. SUCH RIGHT MAY BE EXERCISED BY EITHER INSERTING THE NAME OF THE PERSON TO BE APPOINTED IN THE BLANK SPACE PROVIDED IN THE FORM(S) OF PROXY, OR BY COMPLETING ANOTHER PROPER FORM OF PROXY AND, IN EITHER CASE, DELIVERING THE COMPLETED AND EXECUTED PROXY OR PROXIES TO COMPUTERSHARE PRIOR TO 10:00 A.M. (TORONTO TIME) ON JUNE 1, 2017 OR, IN THE CASE OF ANY ADJOURNMENT OR POSTPONEMENT THEREOF, NOT LESS THAN 48 HOURS (EXCLUDING

SATURDAYS, SUNDAYS AND HOLIDAYS) PRIOR TO THE TIME OF SUCH ADJOURNED OR POSTPONED MEETING.

A holder of shares of the Company (“Shareholder”) cannot appoint a person to vote his or her Class A Subordinate Voting Shares (“Subordinate Voting Shares”) or Class B Common Shares (“Common Shares”) (collectively, “Shares”) other than the persons whose names are printed on the forms of proxy if the Shareholder decides to vote by telephone.

It is important to ensure that any other person that is appointed by a Shareholder as his, her or its proxyholder attends the Meeting and is aware of such appointment as such Shareholder’s proxyholder. Proxyholders should present themselves to a representative of Computershare at the Meeting. Any Shareholder who executes and delivers a proxy in the manner specified herein may revoke it at any time prior to use by: (i) depositing an instrument in writing that is signed by the Shareholder or by an attorney who is authorized by a document that is signed in writing or by electronic signature by such Shareholder or by transmitting an instrument by telephonic or electronic means that is signed by electronic signature of such Shareholder, either at the registered office of the Company or with Computershare, at any time up to and including the last business day preceding the Meeting or any adjournment or postponement thereof; (ii) depositing such instrument in writing with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof; or (iii) in any other manner permitted by law. See also “*Voting by Non-Registered Shareholders*” below with respect to the revocation of a proxy by a Non-Registered Shareholder.

VOTING BY REGISTERED SHAREHOLDERS

Voting by Proxy

Depending on whether you hold Subordinate Voting Shares or Common Shares, you will receive a separate form of proxy in respect of your holding in each class of such Shares. Registered Shareholders can vote their Shares by proxy in the following four ways:

- by telephone, by calling the separate telephone number set out in the form(s) of proxy from a touch-tone phone and following the instructions set out on such form(s) of proxy (the required access code being the control number on such form(s) of proxy);
- on the internet, at www.investorvote.com by following the instructions set out in the form(s) of proxy (the required access code being the control number on such form(s) of proxy);
- by mail, by completing, dating and signing the applicable form(s) of proxy and returning such form(s) of proxy to Computershare (at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1) in the envelope enclosed with this Circular; or
- by facsimile, by completing, dating and signing the applicable form(s) of proxy and forwarding such form(s) of proxy by facsimile to Computershare in accordance with their instructions.

Proxies must be received by Computershare no later than 10:00 a.m. (Toronto time) on June 1, 2017 or, in the case of any adjournment or postponement of the Meeting, not less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of such adjourned or postponed meeting.

Voting by Attendance at the Meeting

Registered Shareholders who intend to vote their Shares in person at the Meeting should not complete or return their form(s) of proxy, but rather should present themselves to a representative of Computershare at the Meeting.

VOTING BY NON-REGISTERED SHAREHOLDERS

Non-registered Shareholders are Shareholders who do not hold Shares in their own name, but whose Shares are registered in the name of an intermediary (such as a bank, trust company, securities dealer or broker or other financial institution) (each, a “Non-Registered Shareholder”).

Voting by Providing Instructions to Intermediaries

Non-Registered Shareholders will receive separate voting instruction forms in respect of their holding of each of the Subordinate Voting Shares or Common Shares. Non-Registered Shareholders should follow the directions of their intermediaries or relevant service provider with respect to the procedures for voting their Shares. These procedures generally allow voting in the following four ways:

- by telephone at 1-800-474-7493 (or 1-800-454-8683 for U.S. Non-Registered Shareholders) by following the instructions set out in the voting instruction form(s) (the required access code being the control number in the voting instruction form(s));
- on the internet at www.proxyvote.com by following the instructions set out in the voting instruction form(s) (the required access code being the control number in the voting instruction form(s));
- by mail, by following the instructions found in the voting instruction form(s); or
- by facsimile, by following the instructions found on the voting instruction form(s).

Non-Registered Shareholders must not use the facsimile number or send the form(s) of proxy to the mailing address of Computershare provided in this Circular under Voting by Registered Shareholders above, as these are reserved for Registered Shareholders and should instead use the information provided by the intermediary. If a Non-Registered Shareholder of the Company who has voted his, her or its Shares by following the directions of the intermediary wishes to revoke his, her or its vote, such Shareholder must contact his, her or its intermediary to determine the procedure to be followed and timing for receipt of voting instructions. Proxies must be received from your broker by Computershare prior to 10:00 a.m. (Toronto time) on June 1, 2017 or, in the case of any adjournment or postponement of the Meeting, not less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of such adjourned or postponed meeting.

Voting by Attendance at the Meeting

The Company does not have access to the names and shareholdings of its Non-Registered Shareholders. Therefore, if a Non-Registered Shareholder wishes to attend the Meeting and vote in person at the Meeting, he or she should insert his or her own name in the space provided on the voting instruction form or request for voting instructions sent to the Non-Registered Shareholder by or on behalf of the intermediary and then follow the instructions provided by the intermediary to appoint such Shareholder as a proxyholder. As the Non-Registered Shareholder will be attending the Meeting in person, he or she should not otherwise complete the voting instruction form(s) or request for voting instructions sent by the intermediary. Any Non-Registered Shareholder who instructs the intermediary to appoint such Shareholder as proxyholder should present themselves to a representative of Computershare at the Meeting.

EXERCISE OF DISCRETION BY PROXYHOLDERS

All properly executed proxies, not previously revoked, will be voted on any ballot taken at the Meeting in accordance with the instructions of the Shareholders contained therein.

MANAGEMENT PROXIES CONTAINING NO INSTRUCTIONS REGARDING VOTING IN RESPECT OF THE MATTERS SPECIFIED THEREIN WILL BE VOTED IN FAVOUR OF SUCH MATTERS. IN THE EVENT, NOT CURRENTLY ANTICIPATED, THAT ANY OTHER MATTER IS PROPERLY BROUGHT BEFORE THE MEETING, OR ANY ADJOURNMENT OR POSTPONEMENT THEREOF, AND IS SUBMITTED TO A VOTE, THE PROXY MAY BE VOTED IN ACCORDANCE WITH THE JUDGMENT OF THE PERSONS NAMED THEREIN. THE PROXY ALSO CONFERS DISCRETIONARY AUTHORITY IN RESPECT OF AMENDMENTS TO, OR VARIATIONS IN, ALL MATTERS WHICH MAY PROPERLY COME BEFORE THE MEETING OR ANY ADJOURNMENT OR POSTPONEMENT THEREOF.

The solicitation of proxies and transactions contemplated herein are being made by or on behalf of a Canadian issuer in accordance with Canadian corporate and securities laws, and this Management Proxy Circular has been prepared in accordance with disclosure requirements applicable in Canada. Shareholders should be aware that requirements under such Canadian laws and such disclosure requirements may differ from requirements under United States corporate and securities laws relating to United States corporations. The audited annual financial statements of the Company have been prepared in accordance with IFRS, and are subject to Canadian auditing and auditor independence standards, and thus may not be comparable to financial statements of United States corporations. Likewise, unless expressly noted, information concerning the Company, its current or expected businesses, properties and operations, contained or incorporated herein by reference has been prepared in accordance with disclosure requirements applicable in Canada and such disclosure requirements may be materially different from those applicable in the United States.

The enforcement by Shareholders of civil liabilities under the securities laws of the United States may be affected adversely by the fact that the Company is organized under the laws of a jurisdiction other than the United States, and that its officers and directors are residents of countries other than the United States. As a result, it may be difficult or impossible for Shareholders to effect service of process within the United States upon the Company, its officers and directors or the experts named herein, or to realize against them upon judgments of courts of the United States predicated upon civil liabilities under the securities laws of the United States. In addition, Shareholders should not assume that the courts of Canada: (a) would enforce judgments of United States courts obtained in actions against such persons predicated upon civil liabilities under the securities laws of the United States; or (b) would enforce, in original actions, liabilities against such persons predicated upon civil liabilities under the securities laws of the United States.

THE MEETING

Time, Date and Place

The Meeting will be held on Monday, June 5, 2017 at 10:00 a.m. (Toronto time) at the TMX Broadcast Centre, 130 King Street West, Toronto, Ontario, M5X 1J2.

Record Date for Notice and Shareholders Entitled to Vote

The Company has fixed the close of business on April 10, 2017 for the determination of Shareholders entitled to receive notice of, to attend and to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, as described in this Circular. At the Meeting, each Subordinate Voting Share entitles the holder of record thereof to one vote per Subordinate Voting Share and each Common Share entitles the holder of record thereof to 100 votes per Common Share.

Business of the Meeting

At the Meeting, Subordinate Voting Shareholders and Common Shareholders will be asked to consider and, if applicable, vote upon the Annual Meeting Matters described below.

ANNUAL MEETING MATTERS

Presentation of Financial Statements

The audited consolidated financial statements of the Company for the financial year ended December 31, 2016 and the auditor's report thereon will be placed before the Meeting.

Appointment of Auditor

The board of directors of the Company (the "Board") recommends, on the advice of the Audit Committee, that PricewaterhouseCoopers LLP ("PWC") be appointed as auditor of the Company for the ensuing year at a remuneration to be fixed by the Board. Information with respect to audit and non-audit fees paid to the Company's auditor is contained under the heading "*External Auditor Service Fees*" in the 2016 Annual Information Form.

The appointment of PWC as auditor of the Company for the ensuing year at a remuneration to be fixed by the Board must be approved by a majority of the votes cast by Shareholders at the Meeting.

The persons named in the form of proxy which accompanies this Circular intend to vote FOR the appointment of PWC as the auditor of the Company to hold office until its successor is appointed and to authorize the Board to fix the remuneration of the auditor, unless it has been specified in the form of proxy that the Shares represented by such form of proxy are to be withheld from voting in respect thereof.

Election of Directors

The Company's restated articles of incorporation provide for the Board to consist of a minimum of one and a maximum of twenty directors.

At the Meeting, voting by Shareholders for the election of the directors named below will be conducted on an individual, and not slate, basis. See also "Majority Voting Policy" below. The

persons named in the form of proxy which accompanies this Circular intend to vote FOR the election of the seven nominees listed below as directors of the Company, unless it has been specified in the form of proxy that the Shares represented by such form of proxy are to be withheld from voting in respect of such nominees or certain nominees, as the case may be.

Management of the Company does not contemplate that any of the nominees will be unable to serve as a director of the Company, but if that should occur for any reason prior to the Meeting or any adjournment or postponement thereof, the persons named in the enclosed form of proxy have the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting of shareholders unless his or her office is earlier vacated or until his or her successor is elected or appointed in accordance with the by-laws of the Company.

Majority Voting Policy

The Company has adopted a majority voting policy for the election of directors. Accordingly, if a director standing for election or re-election in an uncontested election does not receive the vote of at least a majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board. Within 90 days after the certification of the election results, the Board will decide, through a process managed by the Corporate Governance and Nominating Committee, whether to accept or reject the resignation and the Board's decision will be publicly disclosed.

THE NOMINATED DIRECTORS

The following table provides the name of each person nominated by management of the Company for election as a director of the Company, each such person's place of residence, the number of Board and committee meetings attended by such person during 2016 (and while a member of the relevant committee), all positions and offices with the Company now held by such person (including the committees of the Board of which such person was a member at the end of 2016), each such person's principal occupation, the year in which the person first became a director of the Company and the number of voting or other securities of the Company which are beneficially owned by each such person, directly or indirectly, or over which each such person exercises control or direction as of April 10, 2017:

- (1) Information with respect to the class and number of securities beneficially owned, directly or indirectly, or over which control or direction is exercised, not being within the knowledge of the Company, has been provided to the Company by the respective director nominees. On May 30, 2013, the Company completed a corporate restructuring through a plan of arrangement (the "Arrangement") that resulted in the Company exchanging its 70% interest in Dundee Realty Corporation ("Dundee Realty") for shares of DREAM Unlimited Corp. ("DREAM"). Holders of the Company's DSUs immediately prior to the Arrangement received additional DSUs representing the fair value equivalent of the amounts distributed to holders of the Company's Subordinate Voting Shares pursuant to the Arrangement ("Arrangement DSUs"). Each such Arrangement DSU entitles the holder thereof to the market price of one DREAM Class A subordinate voting share.

(“Allied Nevada”) which, together with certain of its domestic direct and indirect subsidiaries, filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware on March 9, 2015. This was done to allow Allied Nevada to implement an agreement that was reached with certain holders of its 8.75% senior unsecured notes due 2019 and its secured bank lenders to effect a reduction in the company’s funded debt obligations and provide the company with additional liquidity. Allied Nevada will continue to operate its business as a “debtor-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court.

New members of the Board are required to comply with the equity ownership requirement within three years of becoming a member of the Board.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes and explains the Company's executive compensation philosophy, principles, policies and programs, including the 2016 compensation of its named executive officers, being its President and Chief Executive Officer ("CEO"), Mr. David Goodman, its Executive Vice President and Chief Financial Officer ("CFO"), Ms. Lucie Presot, and the three most highly compensated executive officers other than the CEO and CFO (collectively, with the CEO and the CFO, the "NEOs"), being Mr. Mark Goodman, Executive Vice President and Chief Operating Officer of the Company, Mr. Eric Klein, Executive Vice President, Corporate Development of the Company, and Mr. Richard McIntyre, Executive Vice President of the Company.

Strategic Planning and the Company's Approach to Compensation

Dundee Corporation is a holding company that owns and manages a portfolio of publicly listed and privately held businesses. The Company's core business is focused on the active management and oversight of its portfolio of merchant capital investments. The Company has significant amounts of its own capital invested in these assets, alongside our clients and partners, helping ensure that our interests are appropriately aligned.

The Company's top strategic priority is to allocate and invest capital in a manner that consistently generates long-term value creation for our stakeholders and shareholders.

Dundee Corporation has traditionally been the sole source of capital for its investee companies. Beginning in 2016 and going forward, the Company has placed more emphasis on investing its capital alongside its partners. In so doing, the Company hopes to mitigate its risk by no longer being the sole source of capital for its businesses, while partnering with third-parties who in addition to providing capital, can also lend industry expertise and support for management teams at investee companies.

In 2016, the Company was focused on the rationalization of its merchant capital portfolio. As part of this process the Company is focusing on those investments which require more management oversight but which it also considers to be core to its expertise and aligned with its ability to generate sustainable growth and value for shareholders. This involves the disposition of non-core assets and the exiting of certain businesses, which has allowed for the redeployment of capital into core holdings and the re-allocation of management time.

At the corporate level, the Company took significant steps to transition and reposition its cost profile. This was consistent with the broader strategic goal of shedding our operating company structure to adapt a leaner organizational framework that is more reflective of a holding company structure. To that end, the Company has significantly reduced its head count. This has resulted in reduced overhead expenses which will translate to lower G&A costs moving forward.

A key component of the Company's vision and 2017 business plan is the continued expansion of its wealth management division. At the core of the wealth management strategy is the build out of a profitable, client-centric investment counsel/portfolio manager platform. The Company believes that targeting and servicing the unique needs of the high-net worth and ultra-high-net worth market presents a significant opportunity for the Company. These segments are made up of successful business owners, entrepreneurs, corporate executives and other individuals with sophisticated wealth management and financial product and service needs. It is estimated that over the next decade these segments will be involved in the creation and transfer of a significant amount of wealth in Canada, which some third-parties estimate could total as much as four trillion dollars. By providing them with a seamless, integrated suite of client-centric wealth services, we believe we can successfully differentiate ourselves from our competitors.

We believe that in order to successfully implement our strategic vision, there needs to be a strong alignment of interests between our shareholders, the clients we serve and our management team. The Company values entrepreneurship and is committed to rewarding performance, innovation and growth. Central to this is a willingness to provide key employees with an opportunity to share in the growth and profitability generated through their direct efforts.

The Company's ultimate objective is to ensure that its business strategies are successful and contribute to measurable improvements in the trading price for its Subordinate Voting Shares.

To this end, management has completed a review of its compensation practices and has aligned similar positions for compensation purposes and setting annual targets to evaluate corporate performance as well as individual and group contributions to the creation of long term value. In 2016, the Board ratified and approved a new compensation structure and a performance share unit plan, which provides for a one-time, long term award made pursuant to the bonus share component of the Company's existing Share Incentive Plan (the "PSU Plan"). The PSU Plan is described in further detail on page 21 below.

Compensation Philosophy

As highlighted above, the Company's compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and long term. Compensation for the NEOs, as well as for other executives, consists of a combination of base salary, incentive compensation, benefits and perquisites. The Company takes a "total compensation" approach to compensation.

The components of the compensation program form a comprehensive strategy for achieving the following objectives with respect to the Company's executive officers, including the NEOs:

- (a) to attract highly qualified management;
- (b) to compensate executives at a level competitive with the Company's peers;
- (c) to motivate performance by linking incentive compensation to the achievement of business objectives, financial performance and individual performance;
- (d) to link the interests of the executives with those of shareholders; and
- (e) to encourage retention of key executives.

Roles in the Executive Compensation Process

Role of Management

Management is responsible for developing the Company's compensation framework and assists the Compensation Committee with its mandate by compiling information used by the Compensation Committee in its compensation determinations, reporting on historical compensation levels and reviewing and reporting on the performance of the senior officers other than the CEO.

The CEO may also provide input to the Compensation Committee in setting the compensation of the other NEOs as the CEO is best positioned to evaluate their performance and contribution to the Company. While the CEO may, at the invitation of the Compensation Committee, attend meetings of the Compensation Committee to provide advice and recommendations, he is not a member of the Compensation Committee and he is not entitled to vote on matters before the Compensation Committee. The CEO is excluded from *in camera* sessions of the Compensation Committee and from discussion of his own compensation, whether at the Compensation Committee or Board level.

Role of the Compensation Committee and Compensation Governance

The Compensation Committee assists the Board in its oversight of the Company's compensation policies and programs. A description of the Compensation Committee's mandate, and activities during 2016 are described under "*Compensation Committee*" in Appendix "A".

The Compensation Committee is responsible for, among other things, reviewing and making recommendations to the Board concerning the compensation of the NEOs and Board members. Each of the directors on the Compensation Committee has access to relevant information concerning compensation governance and applicable market practices, including access to compensation consultants and other experts from time to time to give them the tools required to make decisions relating to the suitability of the Company's compensation policies and practices. In addition, each member of the Committee holds or has held senior leadership positions in various organizations, and in such capacity obtained direct experience relevant to executive compensation.

The Compensation Committee meets as frequently as required to fulfill its mandate. In 2016, the Compensation Committee, met 2 times. The Chairman of the Compensation Committee reports to the Board at each regularly scheduled Board meeting. The Compensation Committee also reviews and approves the executive compensation disclosure included in this Circular.

The Compensation Committee is granted open access to information about the Company that is necessary to fulfill its duties. In addition, the Compensation Committee has the authority to retain, at the Company's expense, independent compensation consultants or other advisors to assist the Compensation Committee in fulfilling its duties and responsibilities.

Role of Compensation Consultants

Management and the Compensation Committee may each retain the services of independent compensation consultants from time to time.

In 2016, management retained Willis Towers Watson ("WTW") to conduct an executive compensation review of selected executive positions of the Company and designated subsidiaries. In addition, WTW provided support to management in the development of its short and long term compensation plans for [the Company and] certain subsidiaries. WTWs aggregate fees for executive compensation consulting services provided to the Company in 2016 were \$8,959.

The Compensation Committee also retained, in 2016, the services of an independent compensation consultant, Hugessen Consulting Inc. ("Hugessen") to provide information and advice to the Compensation Committee in respect of the executive compensation programs of the Company and designated subsidiaries.

Hugessen's aggregate fees for executive compensation consulting services provided to the Compensation Committee in 2016 were \$31,202.

The decisions of the Compensation Committee are their responsibility and reflect factors other than the information and recommendations provided by Hugessen.

Components of Compensation

The Company's focus in its executive compensation program is on total compensation. The main components of the Company's compensation program are: base salary, an annual variable incentive component, and benefits and perquisites. Long-term awards, such as Options, are awarded from time to time under the Share Incentive Plan, but are not part of the annual compensation program for executives. The actual compensation mix, and the portion of pay at risk, varies by executive level, the executive's ability to influence short and long term business results, and competitive practices.

In 2016, the elements of compensation were reviewed and adjusted. Base salaries and incentive targets for the executive group have been formalized in accordance with the results of the Company's benchmarking analysis.

Set out below are the rationales supporting the Company's decision to pay the various components of the Company's executive compensation program, as well as additional discretionary components.

Base Salary

Base salary compensates executives for the roles they perform for the Company and provides a base level of fixed compensation reflecting the executive's responsibilities, capabilities, knowledge and experience.

The Compensation Committee approves the base salaries of the executives of the Company taking into consideration input from the compensation consultants, the recommendation of management, including the President and CEO of the Company, the position and responsibilities of such officers, the past, current and potential individual contribution to the success of the Company and competitive industry pay practices for comparable positions at similar companies of a comparable size and within similar industries, thereby enabling the Company to compete for and retain executives critical to the Company's long term success.

The Company conducted an evaluation of executive salaries and has targeted salaries to be set at the median of the market, with ranges set at 80% to 120% of such market median, to adjust for individual qualifications, experience, education and performance within the applicable salary range.

Incentive Compensation

Historically, incentive compensation was discretionary and was determined annually by reference to corporate and individual performance. The President and CEO of the Company presented recommendations to the Compensation Committee with respect to annual incentive awards by the Company to the other NEOs and for certain officers of the Company. The Compensation Committee reviewed and recommended, as appropriate, the annual incentive cash compensation to be paid by the Company to the NEOs and to the Company's other officers, and recommended the amounts to the directors of the Company for approval. In 2014, no bonuses were awarded to the NEOs. In 2016, the Board, upon recommendation of the Compensation Committee, approved bonuses to be paid to the NEOs in recognition of the significant initiatives undertaken by senior management in 2015 in the execution of the Company's strategic plan. Notwithstanding this, the bonus awards approved by the Board to the NEOs in respect of 2015 and 2016 were set below target in view of the continuing financial challenges faced by the Company. In respect of 2016, a minimum of 25% of the bonus amount awarded to the NEO's (other than the CEO) will be paid in the form of RSUs under the Retained Bonus Plan. For the President and CEO, 50% of the bonus amount will be paid in RSUs (as defined below).

Retained Bonus Plan

The Company approved a Retained Bonus Plan on March 29, 2016. Designated executives of the Company and its affiliates may participate in the Retained Bonus Plan, as determined from time to time by the Compensation Committee.

Under the Retained Bonus Plan, a portion of a participant's annual incentive award in any year, as determined by the Compensation Committee, is paid in Restricted Share Units ("RSUs"). The number of RSUs credited to the Participant's account is computed by dividing (i) the cash value of the Retained Bonus as determined by the Board by (ii) the volume weighted average trading price of the Subordinate Voting Shares. Unless otherwise specified by the Board at the time of the granting of the RSUs (as reflected in the Award Notice), and except as otherwise provided in this Plan, each RSU will vest on December 1 of the third year following the year in which services were rendered by the Participant and in respect of which the award of RSUs is being made or the Retained Bonus was earned, as the case may be.

Should a dividend be declared on the Subordinate Voting Shares, a Participant's account will be credited with additional units ("Dividend Equivalents").

If the Participant no longer remains employed with the Company by reason of involuntary termination, disability, death or retirement, all RSUs and, if applicable, any accrued Dividend Equivalents will be prorated to reflect the time elapsed from the initial grant to the last day of employment with the Company.

If a participant resigns from employment with the Company or an affiliate, or is terminated for cause, the participant will forfeit all the RSUs credited to the participant's account.

Except as required by law, the rights of a participant under the Retained Bonus Plan may not be assigned.

The goal of the Retained Bonus Plan is to provide an incentive to participants to remain employees of the Company or an affiliate to the vesting date and to align the interests of participants with those of shareholders of the Company. No awards have been made to date under the Retained Bonus Plan.

Other Incentive Plans and Compensation Arrangements

The incentive plans and compensation arrangements described below are not part of the Company's standard compensation program.

Share ownership opportunities, provided through the Share Incentive Plan, align the interests of the officers with the longer term interests of shareholders. Each component of the Share Incentive Plan, being the Share Purchase Plan, the Share Option Plan and the Share Bonus Plan, is designed to give individuals an interest in preserving and maximizing shareholder value in the long term, to enable the Company to attract and retain individuals with experience and ability and to reward individuals for current performance and expected future performance. Officers are eligible to participate in the Share Incentive Plan on the same basis as all other employees of the Company. See "*Equity Compensation Plans – Share Incentive Plan*" for a description of the Share Incentive Plan and each of its components.

Awards under the Share Option Plan and the Share Bonus Plan, each being components of the Share Incentive Plan, are discretionary grants. In determining the number of Subordinate Voting Shares subject to Options granted under the Share Option Plan, the Compensation Committee may give consideration to, among other things, the individual's former, current and potential contribution to the success of the Company, the success of special projects and initiatives, the retention of key executives, the relative position of the individual, the years of service of the individual and the exercise price and the aggregate number of Options or Shares that would be held by the individual after the grant under consideration is made. The exercise price of Options is set at 100% of the market value of the Subordinate Voting Shares when such options are granted. The terms upon which Options are awarded are established by the Board. Most recently, Options were exercisable as to 20% of the Subordinate Voting Shares subject to such options on each of the first, second, third, fourth and fifth anniversaries of the date of the grant and had a term of five years and six months. No Options have been awarded to executives under the Share Incentive Plan since 2009.

The Compensation Committee annually reviews the Share Purchase Plan component of the Share Incentive Plan and, if renewed, determines the terms of such renewal. The Company did not implement the Share Purchase Plan in respect of 2016 and as at April 10, 2017, had not implemented the Share Purchase Plan in respect of 2017.

The Performance Share Unit Plan

The Board approved a PSU Plan in March, 2016 as a one-time award for executives of the Company and designated affiliates. Awards under the PSU Plan are made pursuant to the bonus share component of the Share Incentive Plan, such that if awards under the PSU Plan are paid in the form of Subordinate Voting Shares issued from treasury, such awards will reduce availability of other awards made pursuant to the Share Incentive Plan.

The PSU Plan was designed as a one-time grant to advance the interests of the Company and its shareholders through retention and motivation of executives engaged in the implementation of the Company's strategic plan, including the development and build out of the wealth management platform. Awards under the PSU Plan are subject to the performance based vesting requirements, calculated as at the vesting date, as well as continued employment of the executive during the four year vesting period.

A participant is only eligible to participate in the PSU Plan if the participant remains with the Company for the full four years unless one of the exceptions below applies. If a participant does not remain employed with the Company for the full four years, he or she is only entitled to payment in respect of PSUs in the following circumstances: (i) when the participant ceases to be employed by the Company or an affiliate as a result of termination without cause; or (ii) by reason of disability, death, or retirement. In any such circumstance, the participant must have remained with the Company for at least two years and will only be eligible for a pro rata distribution up to the date the participant ceased to be employed by the Company.

In addition, no PSUs will vest if within the last 12 months of the four year period, the volume weighted average price of the Subordinate Voting Shares does not trade at or above \$10.00 over a consecutive 60 day trading period. However, if this target price is exceeded, a multiplier will be applied to the original award in proportion to the increase in share price.

An aggregate of 940,000 PSUs have been awarded to executives of the Company (including the NEOs) and designated affiliates under the PSU Plan, of which 160,000 were subsequently cancelled.

DSU Plan

The Compensation Committee may, from time to time, approve the participation of certain senior officers and directors in the DSU Plan (or others deemed as Participants). Current awards of DSUs under the DSU Plan vest immediately, but the participant will only be entitled to payment in respect of the DSUs granted to him or her when the participant ceases to be employed by the Company or an affiliate of the Company and, as applicable, ceases to be a director. The purpose of the DSU Plan is to strengthen the link between the interests of eligible directors, officers and employees of the Company and affiliates thereof and shareholders of the Company by providing participants in the DSU Plan with long-term incentives tied to the long-term performance of the Subordinate Voting Shares. See also “*Equity Compensation Plans – DSU Plan*”.

Benefits

The Company offers group life, health and dental insurance, paid time off and other benefits to executives as an investment in employee health and well-being. The Company does not have a pension plan, although it has a Supplementary Executive Retirement Plan for Mr. Ned Goodman and an annual retirement allowance benefit for Mr. Garth A. C. MacRae. See “*Executive Compensation – Compensation Discussion and Analysis – Retirement Arrangements*”.

All employees of the Company may participate in the group retirement savings plan (the “GRSP”) following six months of continuous employment and, depending on a participant’s years of service to the Company, he or she will be entitled to contribute 3%, 6% or 9% of his or her annual base salary to the GRSP and receive a 100% Company matching contribution. All contributions are subject to limits pursuant to the Tax Act.

Perquisites

The Company currently provides a limited number of perquisites to the NEOs which the Board considers reasonable and competitive. Perquisites offered by the Company, which may include parking, car allowance and executive medical, vary among executives and are consistent with market practice.

Compensation Risk

The Compensation Committee considers the implications of the risks associated with the Company’s compensation policies and practices in the course of reviewing and recommending to the Board the compensation packages for the NEOs and officers of the Company. The Company’s compensation policies and practices incorporate features designed to mitigate risk without diminishing the incentive

nature of the compensation, and to encourage and reward prudent business judgement and appropriate risk taking over the long term. Accordingly, the Compensation Committee’s role in this respect includes the review of an executive’s compensation to ensure that there is a balance between long term and short term incentives as well as adequate policies and procedures in place to mitigate excessive risk taking. Examples of such risk mitigation strategies include the deferred vesting and payout of a portion of an executives annual bonus under the Retained Bonus Plan, the use of long term incentives such as stock options which vest and pay out over a period of five years and PSUs which vest only upon the achievement of performance based and time based criteria, and the establishment and monitoring of share ownership requirements for executives to ensure alignment with shareholder interests over the long term.

Executive Share Ownership Guidelines

In order to better align the interests of the Company’s executives with the long-term interests of the Company and its shareholders, the Board has approved the Executive Share Ownership Policy (the “ESOP”) which outlines share ownership requirements for executives of the Company and designated subsidiaries. Each executive, based on position, is generally required to hold Subordinate Voting Shares of the Company based on the higher of the aggregate acquisition cost or market value that is a multiple of the executive’s base salary. However, an executive is not expected to purchase additional Subordinate Voting Shares to compensate for or offset subsequent decreases in market value of Subordinate Voting Shares as long as he or she remains at the same salary and/or title level.

In 2015, the ESOP was amended to increase the share ownership requirements that designated individuals, including the NEOs, are required to hold. The following table sets out which designated individuals must own Shares (as defined below) and the minimum aggregate value of the Shares required to be held by such individual, expressed as a multiple of annual base salary (“ABS”) (the “Share Ownership Threshold”):

President and CEO	5x ABS in Shares
CFO and COO of the Company Head of a Division President of a designated subsidiary of the Company	3.0x ABS in Shares
EVP and/or Chief Investment Officer	2.0x ABS in Shares
Vice President	100% of ABS in Shares
Non-Executive Officer	50% of ABS in Shares

The applicable level of share ownership detailed above must, in each case, be attained by designated individual by the later of (i) the fifth anniversary of the date the designated individual achieved the position requiring share ownership and (ii) the fifth anniversary of the implementation of the Policy. The applicable Share Ownership Threshold will remain in effect as long as the designated individual remains an executive of the Company and will be adjusted in the event of an increase in ABS.

For purposes of the ESOP, “Shares” means the Subordinate Voting Shares of the Company and any other equity securities of a designated subsidiary of the Company as may be approved by the Compensation Committee from time to time, as well as phantom or restricted share equivalents of such shares. For greater certainty, “Share ownership” may be satisfied where Shares are acquired, or vested and unvested Shares or unit equivalents are awarded, allocated or held by the designated individual under the following plans: Deferred Share Unit Plan, Share Purchase Plan, Share Bonus Plan, Group

RSP, Performance Share Unit Plan and any other compensation or equity purchase plan designated by the Compensation Committee of the Company as an eligible plan pursuant to this Policy.

Stock options, whether vested or unvested, are not included in meeting the Share Ownership Threshold, until such time as the option is exercised into Shares.

Anti-Hedging

In addition to the amendments to the Share Ownership Thresholds provided under the ESOP, the Company has also amended the ESOP to include an anti-hedging policy which applies to all designated individuals subject to the ESOP, including the NEOs. Hedging is viewed as a poor practice as it insulates designated individuals from stock price movement and reduces alignment with shareholders. The ESOP prohibits designated individuals from using any strategies or products (such as derivative securities or short-selling techniques) to hedge against the potential changes in the value of Shares.

EQUITY COMPENSATION PLANS

Share Incentive Plan

The Share Incentive Plan is designed to advance the interests of the Company by encouraging employees, officers and directors of the Company and affiliates thereof, which may be designated from time to time in accordance with the Share Incentive Plan, to hold equity in the Company. The Share Incentive Plan consists of the Share Purchase Plan, the Share Bonus Plan and the Share Option Plan, each of which is described in greater detail below.

Awards under the Share Incentive Plan are not assignable or transferable other than pursuant to a will or by the laws of descent and distribution unless otherwise approved by the directors of the Company, except for the assignability in certain circumstances of Options awarded pursuant to the Share Option Plan. See “*Share Option Plan*” below.

The Share Incentive Plan provides that the Board may approve, and shareholder approval is not required for, amendments to the Share Incentive Plan, except for any amendment or modification that: (i) increases the number of Subordinate Voting Shares reserved for issuance under the Share Incentive Plan (except for the purpose of maintaining award value in connection with a stock split, consolidation, share dividend, recapitalization, change of control, or similar event); (ii) reduces the exercise price of an award to the benefit of an insider (except for the purpose of maintaining award value in connection with a stock split, consolidation, share dividend, recapitalization, change of control, or similar event); or (iii) extends the exercise term of an award beyond the original expiry date of such award.

The aggregate maximum number of Subordinate Voting Shares available under the Share Incentive Plan is 15,480,000. As of April 10, 2017, an aggregate of 9,167,965 Subordinate Voting Shares have been issued, 962,886 Subordinate Voting Shares are issuable pursuant to awards that have been granted and remain outstanding and 5,349,149 remain available for issuance under the Share Incentive Plan, representing 15.59%, 1.64% and 9.10%, respectively, of the Company’s outstanding Subordinate Voting Shares.

Subordinate Voting Shares which would have been issuable upon exercise of Options or settlement of other awards under the Share Incentive Plan that are surrendered, forfeited or cancelled or that terminate or expire without being exercised or settled, and Subordinate Voting Shares that are surrendered to the Company as payment of exercise price, withholding tax or as part of an award exchange program, will again become available for issuance under the Share Incentive Plan.

The Share Incentive Plan provides that the number of Subordinate Voting Shares issuable to insiders of the Company, at any time under all security based compensation arrangements of the Company, shall not exceed 10% of the total number of Subordinate Voting Shares then issued and outstanding, and the number of Subordinate Voting Shares issued to insiders, within any one year period, under all security based compensation arrangements of the Company, shall not exceed 10% of the total number of Subordinate Voting Shares then issued and outstanding.

Share Purchase Plan

The Share Purchase Plan permits eligible participants, who are designated from time to time and elect to participate in the Share Purchase Plan, to contribute to the Share Purchase Plan up to the amount established from time to time in accordance with the Share Incentive Plan, which amount may not exceed 10% of the basic annual remuneration of the participant or such other maximum amount to be determined in accordance with the Share Incentive Plan. The Company may match up to the full amount of each participant's contribution to the Share Purchase Plan. Under the Share Purchase Plan: (i) Subordinate Voting Shares may be issued to each participant from treasury having a value equal to the aggregate amount contributed to the Share Purchase Plan by the participant and the Company in respect of such participant and, in such case, Subordinate Voting Shares are deemed to be issued at a price equal to the simple average of the high and low trading prices of such shares on the TSX for the five prior consecutive trading days ending three trading days immediately prior to the date of issue of such shares; or (ii) Subordinate Voting Shares may be purchased on the open market having a value equal to the amount contributed to the Share Purchase Plan by the participant and the Company in respect of such participant instead of issuing Subordinate Voting Shares from treasury.

If there is a take-over bid or issuer bid (within the meaning of the *Securities Act* (Ontario)), other than an exempt take-over bid or exempt issuer bid for the purposes of the *Securities Act* (Ontario), made for the outstanding Subordinate Voting Shares, or if the Subordinate Voting Shares become convertible into Common Shares as a result of a take-over bid being made for the Common Shares, the directors of the Company may permit the issue and/or delivery to participants of unvested Subordinate Voting Shares (if any) under the Share Purchase Plan in order to permit such Subordinate Voting Shares or Common Shares, as the case may be, to be tendered to such take-over bid or issuer bid.

Subject to any employment agreement, in the event of a participant ceasing to be employed by the Company and its designated affiliates due to retirement, long-term disability or death, the participant shall automatically cease to be entitled to participate in the Share Purchase Plan. Delivery of any unvested Subordinate Voting Shares, if any, shall not be accelerated and shall occur on the date the Subordinate Voting Shares would otherwise have been delivered.

Subject to any employment agreement, in the event of a participant ceasing to be employed by the Company and its designated affiliates for any reason other than retirement, long-term disability or death, the participant shall automatically cease to be entitled to participate in the Share Purchase Plan and any cash portion of the participant's contribution shall be paid to the participant and any cash portion of the Company's contribution shall be forfeited. Subject to the discretion of the directors of the Company to release Subordinate Voting Shares to the participant, in respect of the Subordinate Voting Shares then held in safekeeping for the participant (if any), a participant to whom Subordinate Voting Shares are to be issued from treasury will receive an amount equal to the lesser of the participant's contribution and an amount equal to the participant's prorated share of the loss on the Subordinate Voting Shares, and a participant in respect of whom Subordinate Voting Shares are to be purchased on the open market will receive the Subordinate Voting Shares on the date they otherwise would have been delivered.

During the year ended December 31, 2016, no Subordinate Voting Shares were issued by the Company under the Share Purchase Plan. As of April 10, 2017, an aggregate of 1,148,894 Subordinate Voting Shares have been issued (representing 2.1% of the Company's outstanding Subordinate Voting Shares) under the Share Purchase Plan.

Share Option Plan

Under the Share Option Plan, Options may be granted to eligible participants designated under the Share Incentive Plan, who then become optionees. Optionees to whom Options will be granted, the number of Options to be granted and the exercise price of each Option will be determined in accordance with the Share Incentive Plan. The exercise price per Subordinate Voting Share may not be less than the closing price of the Subordinate Voting Shares on the TSX or on such other stock exchange or over-the-counter market on which the Subordinate Voting Shares are then listed or quoted, as the case may be, on the last trading day immediately preceding the day the Option is granted or, if the Subordinate Voting Shares are not then listed or quoted on a stock exchange or over-the-counter market, as otherwise determined in accordance with the Share Incentive Plan. Each Option, unless terminated pursuant to the Share Option Plan, will expire on a date to be determined in accordance with the Share Incentive Plan at the time the Option is granted, which date may not exceed 10 years from the date of the grant of the Option. If the directors of the Company do not otherwise determine the option period for an Option, the option period shall be 10 years commencing on the date of grant of the Option. Each Option will be exercisable over such period as is determined at the time of grant; provided that, if no vesting period is determined at the time of grant, the Option will be exercisable as follows: as to one-third, after one year from the grant of such Option; as to an additional one-third, after two years from the grant of such Option; and as to the remaining one-third, after three years from the grant of such Option.

If there is a take-over bid or issuer bid (within the meaning of the *Securities Act* (Ontario)), other than an exempt take-over bid or exempt issuer bid for the purposes of the *Securities Act* (Ontario), made for outstanding Subordinate Voting Shares, or if the Subordinate Voting Shares become convertible into Common Shares as a result of a take-over bid being made for the Common Shares, all Options outstanding may be permitted by the directors of the Company, in accordance with the Share Option Plan, to become immediately exercisable in order to permit the Subordinate Voting Shares issuable under such Options, or the Common Shares into which they are exercisable, as the case may be, to be tendered to such take-over bid or issuer bid. If, pursuant to a take-over bid and any compulsory acquisition, an offeror acquires 100% of the Subordinate Voting Shares, or the Subordinate Voting Shares become convertible into Common Shares as a result of a take-over bid being made for the Common Shares and an offeror acquires 100% of the Common Shares, and, in either case, the consideration under the take-over bid includes equity securities of the offeror, the directors of the Company may send a notice to all optionees requiring them to surrender their Options within 10 days of the mailing of such notice provided that: (i) the offeror delivers with such notice an irrevocable and unconditional offer to grant replacement options to purchase such equity securities; (ii) the directors of the Company have determined, in good faith, that such replacement options have substantially the same economic value as the Options being surrendered; and (iii) the surrender of Options and the granting of replacement options can be effected on a tax free roll-over basis under the Tax Act.

The Share Option Plan also provides for share appreciation rights. An optionee may, rather than exercise any Option which such optionee is then entitled to exercise under the Share Option Plan, terminate such Option, in whole or in part, and, in lieu of receiving the Subordinate Voting Shares to which the terminated Option relates: (a) receive that number of Subordinate Voting Shares (disregarding fractions) which, when multiplied by the fair value of the Subordinate Voting Shares (which shall be the weighted average price of the Subordinate Voting Shares on the TSX for the five trading days immediately preceding the date of termination of such Option or, if the Subordinate Voting Shares are not then listed or quoted on a stock exchange or over-the-counter market, as otherwise determined in accordance with the Share Incentive Plan) to which the terminated Option relates, has a total value equal to the product of the number of such Subordinate Voting Shares multiplied by the difference between the fair value and the exercise price of the terminated Option, less any amount required to be withheld on account of income taxes; or (b) with the consent of the Company, receive cash equal to the product of the number of Subordinate Voting Shares to which the Option so terminated relates multiplied by the difference between the fair value of the Subordinate Voting Shares to which the terminated Option relates and the exercise price of the terminated Option, less any amount required to be withheld on account of income taxes.

Subject to approval by the Board, and, if required, regulatory approval, an optionee may assign Options in limited circumstances.

Subject to any employment agreement, in the event of retirement, long-term disability or death of an optionee, any vested Options held by such optionee are immediately exercisable by the optionee, or the person or persons to whom the rights pass by the will of the optionee or the laws of descent and distribution, for a period of time that ends on the earlier of: (i) 12 months after the date of retirement, long-term disability or death; and (ii) the expiry of the period during which the Options are exercisable. All unvested Options terminate immediately on the date of termination of employment.

Subject to any employment agreement, in the event an optionee ceases to be employed by, or provide services to the Company and its designated affiliates for any reason other than retirement, long-term disability or death or termination for “cause” or in the event of a participant ceasing to be a director of the Company and its designated affiliates, the optionee may only exercise vested Options for the period that ends on the earlier of: (i) 60 days following such event; and (ii) the expiry of the period during which the Options are exercisable. All unvested Options terminate immediately on the date of termination of employment.

During the year ended December 31, 2016, no Subordinate Voting Shares were issued by the Company upon exercise of Options. As of April 10, 2017, an aggregate of 7,767,355 Subordinate Voting Shares have been issued on the exercise of Options. As of April 10, 2017, there were no Options outstanding to purchase Subordinate Voting Shares.

Share Bonus Plan

The Share Bonus Plan permits Subordinate Voting Shares to be issued as a discretionary bonus to eligible participants who are designated from time to time on terms established in accordance with the Share Incentive Plan.

During the year ended December 31, 2016, the Company issued 27,450 bonus shares to designated employees pursuant to previous awards under the Share Bonus Plan, and awarded 940,000 PSUs. See “*Compensation Discussion and Analysis – Components of Compensation – The Performance Share Unit Plan*” above.

As of April 10, 2017, an aggregate of 251,716 Subordinate Voting Shares have been issued under the Share Bonus Plan, representing 0.45% of the Company’s outstanding Subordinate Voting Shares.

DSU Plan

The purpose of the DSU Plan is to significantly strengthen the link between the interests of the participants of the DSU Plan, being eligible directors, officers and employees of the Company and affiliates thereof, and the interests of shareholders by providing participants with long-term incentive tied to the long-term performance of the Subordinate Voting Shares. The DSU Plan is administered by the Compensation Committee. Under the DSU Plan, a participant may be granted, on an annual or more frequent basis, DSUs in such number and effective as of such date as the Compensation Committee shall specify and based on certain criteria determined by the Compensation Committee including services performed or to be performed by the participant. In addition, the Compensation Committee may, in its sole discretion, impose certain conditions on the grant of DSUs which would have to be met for the participant to be entitled to receive payment in respect of the DSUs granted. The DSUs are credited to an account maintained for the participant by the Company or its affiliates, as specified by the Compensation Committee, and are subject to adjustment for dividends and anti-dilution events including the subdivision, consolidation or reclassification of the outstanding Subordinate Voting Shares.

A participant is only entitled to payment in respect of DSUs granted to him or her when the participant ceases to be employed by the Company or an affiliate thereof for any reason and the participant is not a director of the Company or an affiliate thereof. Upon termination, the participant (or the legal representative of such participant’s estate) may irrevocably elect the entitlement date, being the date as of which the value of his or her DSUs shall be determined and paid, based on certain criteria set out in the DSU Plan. The redemption value of the DSUs in respect of a participant as at such date will be the product of: (i) the number of DSUs credited to the participant’s account; and (ii) the market value of a Subordinate Voting Share on the TSX as at the entitlement date. The redemption value shall, as

specified by the Compensation Committee in its sole discretion, after deduction of any applicable taxes and other required source deductions, be satisfied and paid to the participant (or the legal representative of such participant's estate) in its entirety or as a combination of: (i) a conversion into and issuance from treasury of Subordinate Voting Shares; (ii) a cash payment; or (iii) Subordinate Voting Shares acquired in the open market.

The maximum number of Subordinate Voting Shares that may be issued from treasury under the DSU Plan is 1,500,000. For the year ended December 31, 2016, 75,905 DSUs were granted under the DSU Plan and the Company redeemed 69,576 DSUs following the retirement of a former director. As of April 10, 2017, 166,260 Subordinate Voting Shares have been issued on the exercise of DSUs and an aggregate of 1,318,493 DSUs were outstanding. An aggregate of 15,247 Subordinate Voting Shares remain available for the grant of DSUs under the DSU Plan.

In addition to the 1,318,493 DSUs outstanding under the DSU Plan, in connection with the DREAM Arrangement, holders of DSUs at the time of the DREAM Arrangement received additional DSUs ("Arrangement DSUs"), which, at the election of the Company, may be redeemed for cash or Subordinate Voting Shares under the DSU Plan, in each case determined in accordance with the terms of the DREAM plan of arrangement dated April 12, 2013. As of April 10, 2017, an aggregate of 1,189,245 Arrangement DSUs were outstanding.

The DSU Plan provides that the number of Subordinate Voting Shares issuable to insiders of the Company, at any time under all security based compensation arrangements of the Company, shall not exceed 10% of the total number of Subordinate Voting Shares then issued and outstanding, and the number of Subordinate Voting Shares issued to insiders, within any one year period, under all security based compensation arrangements of the Company, shall not exceed 10% of the total number of Subordinate Voting Shares then issued and outstanding.

SHAREHOLDER RETURN PERFORMANCE GRAPH

The following graph compares the yearly percentage change in the cumulative total shareholder return on the Subordinate Voting Shares, for the last five financial years, with the cumulative total return of the S&P/TSX Composite Index, assuming an investment of \$100 on December 31, 2011 and assuming dividend reinvestment and excluding trading commissions and taxes. The Company has not paid dividends on the Subordinate Voting Shares. However, taking into account the 3 for 1 stock split in 2007, the Company has since 1994 purchased for cancellation an aggregate of 57,373,855 Subordinate Voting Shares and Common Shares at an average price of \$11.36 per share, including 10,000,000 Subordinate Voting Shares at a price of \$23.75 per share under a substantial issuer bid in 2011.

The trading price of the Company’s Subordinate Voting Shares (TSX:DC.A) reflects the distribution to Company shareholders of class A subordinate voting shares of DREAM (TSX:DRM) on May 30, 2013 (the “Distribution”). Immediately prior to the Distribution, the closing price of the Company’s Subordinate Voting Shares on the TSX was \$36.61. Following the Distribution, on May 31, 2013 the closing price of the Company’s Subordinate Voting Shares on the TSX was \$23.51 and the closing price of the DREAM class A subordinate voting shares on the TSX was \$13.60. For further information regarding the Distribution, please refer to the Company’s management information circular dated April 16, 2013.

As discussed above under “*Executive Compensation – Compensation Discussion and Analysis*”, the Company approaches executive compensation on an overall basis, with different elements of compensation being used to address different expectations of executive performance. Base salary, as a fixed component, does not correlate directly to the market price of the Subordinate Voting Shares but rather reflects factors such as expertise, ability, skill, experience and the role the executive plays in the overall structure of the Company. As such, the fixed components of compensation have remained relatively stable over the measurement period and have not fluctuated with changes in the market value of the Subordinate Voting Shares. Annual variable cash compensation and incentive awards vary year-to-year based on individual performance factors and corporate performance, or awarded in respect of contributions made toward the earning of performance fees by the Company’s subsidiaries and/or the performance of the Company’s investment portfolio), which may include consideration of the market value of the Subordinate Voting Shares, but are not necessarily directly linked to the change in the market value of the Subordinate Voting Shares.

The Common Shares are not listed on the TSX or any other recognized exchange.

Principal Holders of Shares

As of April 10, 2017, there were 55,675,994 Subordinate Voting Shares and 3,114,873 Common Shares issued and outstanding.

APPENDIX “A” – REPORT ON CORPORATE GOVERNANCE

Board of Directors

The Board is responsible for oversight of the business and affairs of the Company, including the Company’s strategic planning and direction, identifying the principal risks of the Company’s business and ensuring the implementation of systems to manage risk, succession planning and creating a culture of integrity throughout the organization. The Board discharges its responsibilities directly and through the committees of the Board: the Audit Committee, the Corporate Governance and Nominating Committee and the Compensation Committee. Each committee of the Board operates under a formal charter or mandate which is reviewed, and if necessary, updated on an annual or more frequent basis if necessary. In fulfilling its responsibilities, the Board delegates day-to-day authority to management of the Company, while reserving the ability to review management decisions and exercise final judgment on any matter. While the Board has not adopted a formal board mandate, management of the Company reviews with the Board on a periodic basis its strategic plan and delivers to the Board ongoing reports on the status of the business and operations of the Company. In addition, in accordance with applicable legal requirements and historical practice, all matters of a material nature are presented by management to the Board for approval.

Corporate Strategy

The Board believes that management is responsible for the development of the Company’s long-term strategy, while the role of the Board is to review, question, validate and propose changes to the strategy, with a view to arriving at an approved strategy to be implemented. The Board reviews the Company’s long-term strategy on a regular basis.

Composition of the Board

As at December 31, 2016, the Board was comprised of 11 directors. The proposed director nominees for election at the Meeting has been reduced to seven (7) members. Messrs. Ned Goodman, Mark Goodman, Daniel Goodman and Harold S. Gordon will not stand for re-election at the Meeting. The Board is of the view that the composition of the Board allows for a diversity of experience and knowledge and is appropriate to foster and promote effective decision making and oversight of the Company. The Board is comprised of a majority of independent directors.

Individual Elections and Majority Voting Policy

Voting for the election of the directors is conducted on an individual, and not slate, basis.

In March 2013, the Company adopted a majority voting policy for the election of directors. Accordingly, if a director standing for election or re-election in an uncontested election does not receive the vote of at least a majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board. Within 90 days after the certification of the election results, the Board will decide, through a process managed by the Corporate Governance and Nominating Committee, whether to accept or reject the resignation and the Board’s decision will be publicly disclosed.

Outside Directorships

The following table provides a listing of other reporting issuers for which the proposed members of the Board served as directors as at April 10, 2017:

Name	Directorship(s) with Other Reporting Issuers
Virginia Gambale	JetBlue Airways Corporation and First Derivatives plc
David Goodman	Dundee Acquisition Ltd.
Garth A. C. MacRae	Dundee Energy Limited, Dundee Precious Metals Inc., GeneNews Limited and Uranium Participation Corporation
Robert McLeish	Airboss of America Corp.
Andrew Molson	Jean Coutu and Molson Coors Brewing Company
K. Barry Sparks	Namsys Inc. and Metalo Manufacturing Inc.
A. Murray Sinclair	N/A

Director Independence

Of the seven directors nominated for election, the Board has determined that 6 are independent, as that term is defined in NI 52-110, including Mr. Robert McLeish, the Chairman of the Board. NI 52-110 defines an “independent director” as a director who has no direct or indirect material relationship with the Company. A “material relationship” is defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of such member’s independent judgment, and certain relationships are deemed to be material.

The Board has determined that 6 of the directors are independent, being Ms. Gambale and Messrs. MacRae, McLeish, Molson, Sparks and Sinclair. The Board has determined that Mr. David Goodman is not independent because he is President and Chief Executive Officer of the Company.

The Board has established procedures to enable it to function independently of management and to facilitate open and candid discussions among the independent directors. The Board holds *in camera* independent director meetings following scheduled Board meetings. In 2016, the Board held 4 *in camera* independent director meetings. In addition to the above-noted independence measures, all committees of the Board are comprised entirely of independent directors and independent directors engage in informal discussions outside of regularly scheduled Board meetings.

Succession Planning

The Board regards management succession as an ongoing activity to be reviewed by the Board, with input from management, as appropriate.

Diversity

While the Board encourages diversity and gender equality, it does not support the adoption of quotas or targets regarding gender representation on the Board or in executive officer positions. The Company is committed to maintaining a robust campaign to identify and recruit the best qualified candidates whose appointments will be made based on merit, in the context of skills, experience, independence, and knowledge. The Company values diversity and believes that diversity enhances both the quality and effectiveness of the Company’s performance and is an important aspect of effective corporate governance.

With respect to executive appointments, the Company recruits, manages and promotes on the basis of an individual’s competence, qualification, experience and performance. The Company currently has one female director. Five officers of the Company are female, representing 45% of the officers of the Company.

Retirement Policy and Term Limits

The Board believes that mandatory retirement and term limits may result in the loss of effective directors with deep knowledge of the Company. Accordingly, determination of a director’s continued fitness for

service as a member of the Board is assessed on an ongoing basis and through the implementation of Board and individual director assessments. See “*Corporate Governance and Reserves Committee*” below. In 2016, the Chairman of the Corporate Governance Committee conducted one-on-one interviews with each Board member and prepared a Board skills matrix in order to evaluate the composition and skill set of the members of the Board.

Role of the Chairman of the Board and the Chief Executive Officer

While the Board has not adopted a written position description for the Chairman of the Board or for the Chief Executive Officer of the Company, the roles of each are well established. The responsibilities of Mr. Robert McLeish, the Chairman of the Board, include the efficient organization and operation of the Board. The Chairman of the Board is also responsible for ensuring effective communication between the Board and management and that the Board effectively carries out its mandate.

The corporate objectives for which the Chief Executive Officer is responsible are determined by strategic and financial plans that are approved by the Board.

Compensation of Chief Executive Officer

The Compensation Committee, when reviewing the compensation of the Chief Executive Officer, makes an overall assessment of the performance of the Chief Executive Officer in directing the Company in the execution of its strategic plan and corporate objectives, reviews the compensation of the Chief Executive Officer against the achievement of such objectives as well as against the compensation paid to other chief executive officers in the asset management industry, and recommends to the Board the approval of the Chief Executive Officer’s compensation package. See “*Annual Meeting Matters – Executive Compensation – Compensation Discussion and Analysis*” in the Management Proxy Circular for further information relating to the compensation of the Chief Executive Officer.

Disclosure and Insider Trading Policy

The Board has approved a disclosure policy (the “Disclosure Policy”) that is designed to formalize the Company’s policies and procedures relating to the dissemination of material information. The Disclosure Policy designates certain employees as authorized spokespersons of the Company and establishes disclosure guidelines for determining whether information is material and how it is to be disclosed. The Disclosure Policy also includes procedures designed to avoid selective disclosure and to ensure that timely and accurate information is provided by the consolidated subsidiaries of the Company to senior management of the Company for inclusion in the Company’s statutory disclosure documents. Disclosed information is released through mailings to shareholders, newswire services, the general media and the Company’s website and/or SEDAR. The Board and, as applicable, the Audit Committee, approve the statutory disclosure documents prior to their distribution to shareholders.

Director Attendance

Board members are expected to attend all board meetings and meetings of committees of the Board on which they serve. Each current directors’ attendance record during the 2016 financial year is disclosed under the heading “*Annual Meeting Matters – Election of Directors – The Nominated Directors*” in the Circular.

Compensation of Directors

The composition and responsibilities of the Compensation Committee, which recommends to the board the directors’ compensation, is described more fully below. Further details on director compensation can be found under the heading “*Annual Meeting Matters – Compensation of Directors*” in the Circular.

Orientation and Continuing Education

The Company has adopted various practices with respect to the orientation and ongoing education of its directors. Directors of the Company are provided with a directors’ information guide updated on a

periodic basis which contains information about the Company and its affiliates, the Company's recent regulatory filings such as its annual information form and proxy material, the regulatory environment applicable to the Company and its subsidiaries, the reporting requirements of the directors of the Company, information with respect to the committees of the Board and the written mandates of each such committee and certain policies and procedures of the Board. Directors of the Company are kept informed of best practices with respect to the role of the Board and of emerging trends that are relevant to their roles as directors. The Company may hold Board retreats which assist with the orientation of new Board members, as necessary, and provide Board members with an opportunity to interact with, and gain exposure to, the executive management team. The Company may also make available to its directors, at the Company's expense, certain third-party professional development courses to further enhance the education of the Company's directors. In the event that a new director is elected or appointed to the Board, he or she will be given the opportunity to meet with senior management and other directors of the Company in order to become familiar with the business and activities of the Company and his or her responsibilities as a director of the Company.

Ethical Business Conduct

The Company is committed to conducting its business in compliance with all applicable laws and regulations and in accordance with the highest standard of ethical principles.

The Board has not adopted a written code of business conduct and ethics, however, in addition to the relevant provisions of the Ontario Business Corporations Act applicable to directors of the Company, directors are required to disclose all actual or potential conflicts of interest. Also, directors of the Company are required to recuse themselves from any discussion or decision on any matter in which the director is precluded from voting as a result of a conflict of interest. The Board and the Company promote a "tone at the top" culture intended to instil ethics, openness, honesty and accountability throughout the organization.

The Company permits the Board, any committee thereof, and any individual director to engage independent external advisors at the expense of the Company when necessary.

Audit Committee

Current members: Messrs. Sparks (Chairman) and MacRae, and Ms. Gambale

The Audit Committee is comprised of three independent directors and is mandated to assist the Board in fulfilling applicable public company obligations respecting audit committees and its oversight responsibilities with respect to financial reporting. Each of the members of the Audit Committee is financially literate within the meaning of NI 52-110. An individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements. The Audit Committee is responsible for overseeing, among other matters, the work of the Company's external auditor, the integrity of the Company's financial statements and financial reporting process, the qualifications and independence of the external auditor and the work of the Company's financial management and external auditor in these areas. The Audit Committee reviews and recommends to the Board for approval, the Company's annual and interim consolidated financial statements and related management's discussion and analysis and selected disclosure documents, including information pertaining to the Audit Committee contained in the Company's annual information form and any other financial information required by regulatory authorities, in each case, before they are released to the public or filed with the appropriate regulators. The Audit Committee reviews its charter at least annually and recommends changes to the Board with respect to its charter, as necessary.

Through the Audit Committee, the directors also monitor the principal financial risks and the implementation of the Company's risk management systems. Such principal risks and the implementation of systems to manage these risks are disclosed in the 2017 Annual Information Form and in the Company's management's discussion and analysis for the year ended December 31, 2016. In addition, in accordance with NI 52-110, the Audit Committee ensures that there are procedures in place

for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters. In this regard, the Company has established a Whistleblower Policy outlining such confidential reporting process.

For additional information about the Audit Committee, see the section “*Audit Committee*” of the Annual Information Form for the year ended December 31, 2016 available on SEDAR at www.sedar.com.

Corporate Governance and Nominating Committee

Current members: Messrs. Molson (Chairman) and Sinclair, and Ms. Gambale

The Corporate Governance and Nominating Committee is comprised of three members, each of whom is an independent director. The Corporate Governance and Nominating Committee is responsible for developing the Company’s approach to corporate governance issues and is charged with enhancing the Company’s governance through an ongoing assessment of the Company’s approach to corporate governance. The Corporate Governance and Nominating Committee also coordinates an annual evaluation of the Board, identifies individuals qualified to become Board members and recommends such individuals to the Board for nomination for election to the Board in consultation with the Chairman and the Chief Executive Officer of the Company.

The mandate of the Corporate Governance and Nominating Committee includes reviewing the size and overall composition of the Board with a view to assisting the Board in determining whether it is appropriate to undertake a program to increase or decrease the number of directors of the Company, reviewing proposed new nominees to the Board and reviewing and assessing, on a periodic basis, the performance and contribution of the directors of the Company. Typically, directors of the Company complete self-evaluation, corporate governance evaluation and assessment of Board performance evaluation forms in this regard.

In respect of 2016, the Corporate Governance and Nominating Committee conducted a survey of the directors of the Company with respect to their views on the effectiveness of the Board, each committee of the Board and its Chairman and provided similar evaluation forms to members of the Audit Committee and Compensation Committee. The results of these assessments are used by the Board and its committees to evaluate past performance and identify areas for continued improvement. In addition, the Corporate Governance and Nominating Committee:

- conducted the annual review of its mandate and the mandates of the Compensation Committee and Audit Committee and recommended their approval to the Board without modification;
- reviewed and approved the corporate governance disclosure contained in this Appendix “A”; and
- reviewed and confirmed the independence of Board members.

Compensation Committee

The Compensation Committee is charged with overseeing the administration of the Company’s equity compensation plans, discharging the Board’s responsibilities relating to the compensation of certain of the Company’s executives, reviewing and making recommendations on director compensation, and preparing the Company’s report on executive compensation, as required by applicable securities laws.

As part of its oversight of the implementation of the Company’s compensation plans, the Compensation Committee reviews and makes recommendations to the Board with respect to the adoption of, or amendments to, the incentive compensation and equity compensation plans of the Company. The Compensation Committee also approves the compensation for certain senior executives and makes

recommendations to the Board respecting approval of the Chief Executive Officer's compensation package. In setting compensation, the Compensation Committee considers all factors it deems relevant, including individual performance, the Company's performance and relative shareholder return, the value of similar incentive awards to those with similar responsibilities at comparable companies and the awards given by the Company in prior years. In addition, the Compensation Committee reviews the adequacy of the compensation of directors of the Company, including the Chairman of each of the committees of the Board, to ensure that their compensation adequately reflects the responsibilities and risks involved in being an effective director of the Company.

The Compensation Committee conducts an annual review of its mandate, and recommends changes to the Board with respect to such mandate, as necessary.

In fulfilling its responsibilities, the Compensation Committee has the authority to retain a compensation consultant for assistance, if required, in the evaluation of employee, officer and director compensation.

During 2016, the Compensation Committee:
